These classes are structured by grade in school for the perfect fit for your dancer!

**JAMM to Family Communication:***\*NEW\**

**Distance Dance Learning:***\*NEW\**

In the event of a government mandated closure of JAMM Dance Company, we will be continuing classes virtually through Zoom. Taking classes via Zoom will be required if dancers want to participate in the June recital. If JAMM is mandated by the state to issue additional capacity restrictions on classes we will be implementing a hybrid model. A percentage of the class will be virtual and a percentage will be in-person and will alternate weekly until we are able to have students all in-studio again.

Benefits to your child include increased motor/skill coordination, physical flexibility, social skills, such as following directions and learning physical concepts like energy and speed.

**Hip Hop Tots:** This class is a high-energy hip hop class for 2.5 yr. old's- Pre-School students! Students will learn fun hip hop moves using music, props and inventive exercises. Hip Hop Tots is run similarly to our Tot JAMM class, and offers all the great benefits and opportunities listed above (see Tot JAMM description.)

**Kidz JAMM B & A, Pre-Teen B & A:** Anyone in grades Kindergarten - High School can participate in these programs. No performance will be required. However, we would be open to a performance if the class showed an interest in doing so.

**Ballet Program**

The JAMM Dance Ballet Program offers students of all ages a serious disciplined approach to classical ballet technique. Whether students wish to continue their ballet training at the university level, enhance their overall dance abilities, pursue a professional career or just enjoy being part of the beauty of ballet, JAMM Dance offers classes that will appeal to all! Benefits of ballet training include a solid foundation in ballet technique, understanding of ballet vocabulary and history of dance, growing artistry in performance and increased mastery and control of one's body.

**Pointe:** Students 12 years of age or older. Current students will be placed by the ballet director's recommendation.

**Virtual Dance Experience:***\*NEW\**

This year JAMM is offering the opportunity for dancers to dance from home. We understand that during this pandemic, parents and dancers might still feel uncomfortable going back to school or activities that they have done in the past years. We are giving the option to Zoom into our Dynamic Division Classes and our Competition Ballet and Jazz Technique classes. We cannot guarantee all classes offered at JAMM will run a Virtual Dance Experience. This all depends on the level of interest for a specific class whether the class will run virtually. Dancers who choose the Virtual Dance Experience will **not** learn recital or competition group choreography. The purpose of the Virtual Dance Experience is to continue training and growing strength in the dancer's technique during this time of adjustment. If you are not ready for a class. No worries! We are offering one-on-one Virtual Private Lessons with one of our teachers. For more information on how to register for Virtual Dance Experience email [dance@jammdanceco.com](mailto:dance@jammdanceco.com)

**Competitive Dance Program**

JAMM Dance offers a variety of National and Regional Competitive Dance opportunities for all ages. Students participating in this program undergo a rigorous training and rehearsal regimen that culminates in performance opportunities. Students will attend several competitions throughout the season. August auditions determine which JAMM students will appear in the programs. Staff and/or professional choreographers create unique dance pieces for the groups which travel to dance conventions and competitions throughout the state and surrounding states performing in one or more of the following styles: ballet, jazz, tap, lyrical, musical theater and hip-hop categories. Students in the competitive dance program take a pre-determined number of ballet and jazz technique classes each week. Competition students may also be eligible for additional classes, solo and small group opportunities by invitation and audition.

**The Purpose of Competition at JAMM**

While we attend competitions that are judged and receive placement awards, the focus of our competitive dance program is NOT to attain TROPHIES. We understand that no one plans to go to competition and hopes not to “win”. However, it is not our purpose for competition dance here at JAMM. At JAMM, we compete to gain critiques on how to improve as a faculty, as a team and for each individual dancer to learn and improve. The purpose of our competitive program is to use the critiques gained at competitions as teaching tools to better each dancer. Our main focus is to provide the necessary tools and training so our dancers are able to transition to college level dance programs and be placed as working dance professionals, if they choose.

**JAMM to Family Communication:***\*NEW\**

JAMM will be using the BAND application in addition to email throughout the season to communicate studio news, class information, videos, music, etc. to our families. Once registered you will receive an email invite to your companie’s BAND page.

**Distance Dance Learning:***\*NEW\**

In the event of a government mandated closure of JAMM Dance Companie due to Covid-19, we will be continuing classes virtually through Zoom. Taking classes via Zoom will be required if dancers want to continue with the competition program and compete with their assigned companie. If JAMM is mandated by the state to issue additional capacity restrictions on classes we will be implementing a hybrid model. A percentage of the class will be virtual and a percentage will be in-person and will alternate weekly until we are able to have students all in-studio again.

**Intro to Competition Dance Programs:**

Intro to Competition is for Beginner/Intermediate students who want to break into the world of competition dance or for dancers who want a serious training approach, but want to be involved in additional outside activities. This program is by audition. These groups will compete at 2 regional competitions and competition fees will apply. These companies are not in the production.

**Companie Production Programs:**

We offer Competition Dance for all ages. All students who wish to be placed on a competition companie at JAMM are required to audition and attend JAMM the Intensive in August. This program is designed for the serious dancer who wants to “live” at the studio. Competition Companie students typically are only in dance and it serves as their only activity. These dancers are at the studio at a minimum of 3 to 6 days per week. They train in tap, jazz, ballet, lyrical, productions and have the opportunity to perform solos upon invitation.

**Small Groups:**

Small groups are by invitation only and are determined at JAMM the Intensive. Costumes and competition fees are additional for these classes. Tuition is \$480 divided into 9 monthly payments. Small groups will begin in September and conclude in the spring.

**Companie Production (CP):**

JAMM is producing an all companie production number. All groups (with the exception of Push and Drive) will be performing in the CP. Tuition is \$375 and will be divided into 9 equal monthly payments, September through May. Production practices will take place on alternating Saturdays. Specific dates will be posted on our calendar. We are hoping to compete productions this season however this may be subject to change based off competition’s restrictions on production routines and sizes. A schedule will be announced as we know more.

**Junior, Teen & Senior Musical Theatre Large Groups & Lines:**

Please refer to the results page for your corresponding group. These numbers will be choreographer by an outside choreographer. Costumes and competition fees are additional. It is not optional to participate. Tuition is \$400 and will be divided into 9 equal monthly payments. Rehearsals will be every Saturday. Start date and choreography dates will be announced soon.

**Saturday Technique Classes:***\*NEW\**
